

A group of five models (three men and two women) are standing in a line against a backdrop of misty, mountainous terrain. They are wearing high-visibility workwear. From left to right: a man in a dark grey jacket with reflective stripes, a woman in a bright yellow-green jacket, a man in a bright orange jacket with reflective stripes, a man in a blue jacket with reflective stripes, and a man in a red jacket with reflective stripes. The man in the orange jacket is looking down at his hands, while the others are looking towards the camera.

ABDULLA NAEEM

An aerial photograph of a construction site. Three workers wearing white hard hats and high-visibility yellow safety vests are gathered in the lower-left quadrant, looking at a set of plans. The ground is a mix of grey concrete and brown dirt. To the right and in the background, there are large rectangular areas covered with a grid of rusty metal rebar, prepared for a concrete pour. Bundles of rebar are also visible in the lower-right area.
